

Developing Good Technique

Home activities help develop good form or build stamina in a particular skill. When the skill has been mastered on land, it becomes easier to perform in the water.

1 Position

Lie on stomach on floor in a front-glide position: arms together above head, elbows straight, biceps behind ears, and chin tucked.

2 Roll to Side & Kick

Roll onto left side of body, swinging right arm down against the right side while rolling. Hold on side for three seconds, while doing a flutter kick. Roll back to stomach, returning arm overhead.

3 Relax & Repeat

Rest for a few seconds, then repeat on left side. Repeat on each side one more time. Do this activity two to three times throughout the course of the swim lessons session.

Home activities should be performed under adult supervision.
