# PARTNERS IN HEALING THE WHOLE PERSON

LIVESTRONG® AT THE YMCA

Cancer is a life-changing disease that takes a tremendous physical and emotional toll on those affected. The Y and LIVESTRONG have joined together to create LIVESTRONG at the YMCA, a research-based physical activity and well-being program designed to help adult cancer survivors reclaim their total health.

Participants work with Y staff trained in supportive cancer care to safely achieve their goals such as building muscle mass and strength; increasing flexibility and endurance; and improving confidence and self-esteem. By focusing on the whole person and not the disease, LIVESTRONG at the YMCA is helping people move beyond cancer in spirit, mind and body.
