WELCOME TO YMCA SUMMER CAMP!

Dear Program Participants and Parents,

Thank you for enrolling your child into the Cumberland Cape Atlantic YMCA's Summer Camp Program. The entire YMCA staff would like to welcome you to our program. Each of us hopes your child's experience with us is a positive one. We all share a common goal – to provide a safe, trusting atmosphere in which your children can grow, develop new interests and friendships, and have FUN.

Summer Camp is one of the few times kids have to be KIDS! This summer our goal is to teach your children new skills, like swimming, while instilling in them our character traits, respect, responsibility, caring and honesty. We are also working hard to enrich your child's summer with educational opportunities to close the achievement gap created by summer learning loss. This summer at the end of the camp day expect your child to be messy and tired because we have a lot of fun things planned!

The policies outlined in this handbook are what you may expect from the program and what our team members expect from program participants and their parents. In order for your child to have a positive experience in our program, parents and staff must work together. We hope you find this handbook to be helpful.

Your involvement as a parent/caregiver in the program is extremely important for our continued success. It is important to keep in touch with the staff after your child(ren) begin participating and to stay informed about their time at the program. We will sometimes be contacting you through the Remind app, email, and/or phone. Please make sure you keep the YMCA updated with all your current contact information.

We are excited that you have selected to spend your summer with us! Please do not hesitate to call if you have questions, comments, or suggestions.

OUR CAMP VISION STATEMENT

"Empowering every child, regardless of race, color, creed, religion, gender identity, or abilities, to discover their fullest potential through our transformative and inclusive summer camp experiences, creating a future filled with confident, compassionate, and capable individuals."

Follow us on Facebook, Twitter, and Pinterest! Look for your camper throughout the summer!

The YMCA Mission Statement

We are a nonprofit charitable organization that is part of a worldwide association based on Christian principles, inclusive of all people, dedicated to fostering opportunities for all individuals, families and communities through programs that build healthy spirit, mind, and body for all.

Our History

For over 95 years, the YMCA of Vineland has been and always will be dedicated to building healthy, confident, connected and secure children, adults, families and communities. The YMCA of Vineland was established in 1927. In 1970, the facility was expanded to include Child Care Services. In 1980, we changed our name to Cumberland Cape Atlantic YMCA to include our surrounding areas. In the 2022-2023 school year, our child care program served over 400 children monthly. Children from 3 to 13 years old are enrolled in our preschool and before and after school program. We also provide child watch services to our members while they workout. Our Youth Sports program has continued to be successful. Our summer Day Camp programs provide services to over 250 children ages 3 to 15 years old. Our CIT program will engage children 15-17 years old to develop leadership skills.

A FOCUS ON YOUTH DEVELOPMENT

Today, day camp is more vital than ever. To deliver on the Y's commitment to nurture the potential of every child and teen, day camp programs now more intentionally foster achievement, relationships, and belonging. Achievement, relationships, and belonging are essential dimensions of well-being that the Y can cultivate through day camp:

- ❖ Discovering skills (achievement). Campers experience achievement when they try different activities, learn what they like, and discover what they are good at.
- ❖ Building friendships (relationships). Campers have the opportunity to form healthy relationships with other children, caring adults, and role models, which helps them feel good about themselves and learn to get along with others.

- ❖ Finding a place to belong (belonging). Campers connect through significant camp traditions and rituals that create a sense of belonging, so they feel included, accepted, and part of a community. With this emphasis on achievement, relationships, and belonging, day camp at the Y is more than a mechanism for keeping kids busy during the summer; it is an opportunity to intentionally develop youth.

PROGRAM GOALS

In our summer camp program, it is our goal to instill in your children Improved and Sustained Character, so they learn to accept and demonstrate the YMCA's core values of **Honesty**, **Respect**, **Responsibility**, and **Caring**.

- ❖ Appreciation of Diversity – Respect people of different ages, abilities, incomes, races, religions, cultures, and beliefs. Reflect the diversity of our community.
- ❖ Enhance Social and Leadership Skills – Experience leadership development through service to the community.
- ❖ Increase Learning and Education – Acquire new knowledge and build skills, increasing motivation to learn.
- ❖ Better Health and Well-being – Improve and increase physical activity and practice healthy eating habits.
- ❖ Authentic Relationships and a Sense of Belonging – Learn to care about, communicate, and cooperate with peers and adults.
- ❖ Sense of Hope and Purpose – Develop positive self-awareness and confidence in abilities. Feel secure and be willing to explore and engage with the world around them.

Children sent home from camp may not return the next day. To return to camp they must be:

- Free of symptoms for twenty-four hours without medication
- On the appropriate medication for twenty-four hours

**We will not allow a child to return the day after they were sent home. When they return, we must receive a note from your health care professional stating the diagnosis, if appropriate, that your child is not contagious and/or that your child may return to the program.

Lice

The Cumberland Cape Atlantic YMCA programs are lice, nit and egg free environments. Children that have head lice, nits or eggs will not be permitted to attend the program until the condition is completely remediated.

Medication:

It is best for the parents to dispense medication either before or after their child is in at camp. We ask that you mention to your health care professional that the child is in camp and ask him/her to prescribe medications that can be given twice or three times a day if possible.

We will dispense medication if it is necessary and prudent and is indicated during the time the child is in care. Any medication which needs to be administered should be brought to the Camp Director. The INDIVIDUAL MEDICATION RECORD AND PERMISSION FORM must be completed by the parent. Prescription medication must be in the original labeled bottle with your child's name on it.

All medications will be kept away from the children and in the counselor's control. This includes "innocuous" over the counter products such as:

- Cough Drops
- Saline nose sprays
- Sunscreen

We treat these as "medications" and they can only be administered by the counselor. They are not to be available to the child during the program. We need to avoid misuse and "sharing". Example: Sunscreen should not be in children's bags, it must be turned in to counselor with medical form.

*Please check with the Camp Director if you are unsure of which medications require a parent and doctor's note to be administered.

We try very hard to minimize infections and control the spread of disease by encouraging and supervising hand washing with children before meals and after toileting, and after being outside.

Medical Policies (continued)

Special Medical Needs

Special medical needs include conditions that require special medications, practices, or treatments prescribed by a physician to maintain the individual's capability to participate in the camp program. This can include severe allergies and behavioral issues that require medication and/or special diets, etc. We will work with the camper and the family to make the best camp day possible. Each child and each disability is different. We will work with every family to accommodate their camper as long as we are equipped to handle the condition and being in the camp will be beneficial to the camper, the family, and the other children.

Emergencies

All camp staff will treat medical emergencies – minor injuries (i.e. - scrapes, cuts, bug bites and illness). If the injury or illness needs further treatment, the camp staff will contact you. We will make every effort to reach you or the contacts listed on your registration form. If no one can be reached, we will take the necessary actions for the health of your child. **Be sure emergency phone numbers are up-to-date.** If your schedule changes daily, please provide temporary numbers to the camp staff.

If emergency medical care is necessary, any of the following steps might be taken:

1. Attempt to contact parent or guardian
2. Attempt to contact person on the emergency form
3. Take child to hospital if no responsible person can be reached.
4. An ambulance or paramedics may be summoned.

Staff

We are proud to say that we have an exceptional staff at our camp programs. Many of our staff are education majors at college or professional teachers, and most staff have a background of working with children. All of our staff must successfully complete a background check, drug test and reference checks prior to being hired at the YMCA of Vineland. Staff must also attend staff training of 25 hours which includes CPR, AED, First Aid, and Child Abuse Prevention prior to the start of camp.

Program Rules

Staff and Participant Rules

All children and staff will observe and follow rules and policies designated by the YMCA, which follow our organization's mission. These rules are designed to keep all participants safe.

Discipline Action Policy

Proactive solutions that will be taken in order to prevent suspension/expulsion

- Immediately separate the child(ren) involved to allow the child(ren) to calm down.
- Staff will talk to the child to determine the problem and why the child reacted the way they did.
- Separation and redirection will be used if necessary to remove the child from the situation.
- Staff will try to redirect child from negative behavior
- Staff will reassess the camp environment, activity appropriateness, and supervision
- Staff will always use positive methods of language while disciplining children
- Staff will praise appropriate behaviors
- Staff will consistently apply consequences for rules
- Child will be given verbal warnings
- If needed a brief quiet time will be given so child can regain control (1 minute per year of age)
- Child may lose certain privileges
- Parent/guardian will be notified verbally or via an incident report
- Child's disruptive behavior will be documented and maintained in confidentiality
- Parent/guardian will be given written copies of the disruptive behavior that might lead to expulsion
- The Director, staff and parent/guardian will have a conference(s) to discuss how to promote positive behaviors

*Parents are notified about any inappropriate behavior experienced at the program when the child is picked up at the end of the day (or at work if necessary).

**The YMCA reserves the right to suspend any child from the program if necessary.

Schedule of Expulsion

If after the remedial actions above have been exhausted, the child's parent/guardian will be advised verbally and in writing about the child's or parent's behavior that warrants a suspension/expulsion. A suspension action is meant to be a period of time so that the parent/guardian may work on the child's behavior or to come to an agreement with the program.

- The parent/guardian will be informed regarding the length of the suspension period (1-3 days)
- The parent /guardian will be informed about the expected behavioral changes required in order for the child or parent to return to camp

- The parent/guardian will be given a specific expulsion date that allows the parent an adequate amount of time to seek alternate child care (approximately one to two day notice) depending on risk to the welfare or safety of the other children
- Failure of the child/parent to satisfy the terms of the plan may result in permanent expulsion from the center

Payment for suspended or expelled camp days are non-refundable.

Immediate Suspension/Expulsion

For instances involving any violence and threats, **immediate suspension*** will occur without warning.

The following behavior is considered unacceptable:

- Abusive language, Fighting, Dangerous activity, Theft, Physical and verbal abuse of children or staff, Vandalism/mistreatment of property
 - Possession of illegal substances or weapons
- *NOTE:** Suspension length to be determined by Director, based on severity of situation.

If a child has a persistent behavior problem and the counselors have exhausted all alternatives, a parent conference will become necessary. If it is determined that the child is disrupting the program and/or endangering the safety of other children, the YMCA of Vineland reserves the right to dismiss the child from the program.

Immediate dismissal from the program will result for the threat of physical harm to a child, staff member, or director.

The YMCA takes pride in providing a safe environment for children and will not tolerate physical threats.

Parental Actions for Child's Suspension/Expulsion

- Failure to pay
- Failure to complete required paperwork
- Constant tardiness when picking up child(ren) and dropping off
- Physical or verbal abuse and threats to staff and/or program participants, or other parents
- Inappropriate language used towards staff or in front of children

Program Specifics

Swimming

All swimming is under the supervision of certified lifeguards. All campers are water-safety tested on their first day of camp. They will receive colored wristbands denoting that they have been tested. All campers will be encouraged to participate in recreational swim. Swimmers with long hair must tie it back with a hair tie. Children may not swim with open wounds or within seven days of an intestinal illness. Silly bands, rubber band bracelets and beaded jewelry are not permitted in the pool. Children with beaded hair should have their hair in a swim cap (this could damage the filtration system). Swimming is encouraged since we teach a lesson for a portion of each swim time. Lessons makes it safer for your children when they are in or around bodies of water because it gives both themselves and us confidence that they know the swimming basics.

Boating

Boating is also conducted under the supervision of certified lifeguards. All campers are given boating instruction and must pass the PFD (personal flotation device/lifejacket) test before they are allowed out on the waterfront.

Swimming and Boating at Merrywood

For safety reasons if you do not participate in swim lessons, then you are not eligible to boat. If you do not attempt to boat or ride with someone then you will not be able to take part in the recreational part of swimming. When children sit out during these activities, they must sit out on the beach where the lifeguards are visibly able to see them to count and keep them into ratio. This now makes it hard for staff and lifeguards to watch children in the water and those who choose to sit out. So we encourage all campers to take part in the waterfront activities.

Camp Merrywood Activities

Additional Camp Merrywood activities include archery, zipline, mountain biking, mini golf, gaga, and much more!

Healthy U

The Healthy U program uses the CATCH curriculum, which offers games that provide at least 30 minutes of physical activity per session, as well as nutrition lessons. We will be using the CATCH program throughout the summer. The YMCA believes in providing campers with physical activities through the day to help prevent childhood obesity.

Summer Enrichment

The YMCA recognizes summer learning loss and to help with this issue, we provide enrichment activities throughout the summer camp program. We use science curriculum that aligns with the common core standards. We also encourage reading in the program by setting aside time each day for our campers to read. Children are encouraged to bring their own book or we will provide one. Campers are responsible for their books as well as all their belongings.

Parental Engagement

Parent Surveys

Camp staff will hand out weekly parent surveys. Please take the time to fill them out. We use the information to improve our program.

Parent Communications

Please follow us on social media like Twitter and Facebook. Also download the app Remind to receive alerts about things going on throughout the day for your child's specific camp.
