

## Child Care State Assistance Update

The Department of Human Services has just announced that now through December 30, 2020, when a child's school has adopted remote learning due to Covid-19, the state will pay for full day care for qualifying families. During this time, families that are not eligible for the State Child Care Subsidy Program but who are in need of child care due to their child's school's remote learning schedule and that have annual incomes up to \$150,000 will be eligible to apply for child care tuition assistance through a new COVID child care program.
